## GLOSSARY OF TERMS

**Carrier Software Only:** Only option to quote the software is carrier website or standalone software.

**Database Checks:** Standard databases that carriers use such as Medical Information Bureau (MIB), Motor Vehicle Records (MVR) and Prescription Check to obtain information about the client.

**Electronic Application:** A traditional long form, complete application that an agent completes and submits electronically.

**Electronic Application/Ticket Platforms Supported:** Available transmission methods for Electronic Applications and/or Electronic Tickets.

**Electronic Delivery:** An option to have delivery requirements sent via a link to a consumer.

**Electronic Policy:** Carrier provides the option of sending an electronic policy, usually as a PDF, to a client in place of or in addition to a traditional bound paper policy.

**Electronic Signature:** Option for consumers to sign via electronic affirmation that they have received and agree to delivery requirements and conditions for the policy to be put in force.

**Electronic Ticket:** Agent completes a 1 – 2-page electronic ticket to submit to the carrier or fulfillment center to allow them to complete the full application.

**Lab Requirement:** Some carriers have the discretion with their product or platform to order labs if the initial review comes back other than the risk classes designated as "Lab Free".

**Paper Application:** Traditional long form application that an agent must complete on paper and submit to the carrier via fax, mail or secure email.

**Paper Ticket:** Agent completes a 1 – 2-page paper ticket to submit to the carrier or fulfillment center to allow them to complete the full application.

**Phone Interview:** Generally, a 15 – 30-minute phone interview conducted by a representative of the company (Company employee or third party vendor contracted to complete interview) to review the full application with the applicant.

**Products Available:** Some carriers have designed a specific product for their Automated Underwriting platforms, some use traditional 'off the shelf' products.

**Traditional Quoting Options:** Product(s) available to quote through traditional platforms such as Winflex, Compulife, iPipeline, etc.

**Turnaround Time:** Standard time quoted by the carrier to provide final decision once all requirements are received.
